I'm a cheeky trainspotter  
My life's all up in the gaff  
Kinda lairy with no lolly  
I hit the pub for bangers & mash  
My mate's a total wanker  
The bloke's jokes are totally naff

I take the tube to London  
So I don't have to wait in the queue  
Saw Liam kiss a Bobby  
He's arse-over-tit and he's tooled  
Now I'm kinda dicky  
And I think I'm gonna chunder my food

Feelin' kinda knackered  
I stuff my gob with ale & chips (ale & chips)  
I found myself a Doris  
And shagged her even though she's a git (she's a git)  
Now she's up the duff  
But I guess that's what you get when you  
Have it off  
Now that's the full monty  
My sis'll be an auntie  
And I abso-bloody-lutely am an arse of a ponce

Well I'm headed down to the bar  
I'll have myself a jar  
Here in bloody brilliant  
Simply smashing  
Jolly old England
